

WINTER

SEASON 24-25

PRODUCTS MADE PERSONAL

We take incredible care to embellish quality branded golf accessories & equipment with your brand, ensuring the best visibility as well as comfort and usability.

It's our products, made personal for you.

THE CHOICE OF CHAMPIONS

Level 4 has built an enviable reputation for supplying high quality branded merchandise for some of the biggest sporting events in golf.

DTF PRINTING

Direct-to-film (DTF) printing involves printing a design onto PET film (a special film with a coating that helps transfer designs) using water-based inks and a special powder adhesive. Then, the design is heat transferred to fabric using a heat press machine. This printing method is durable and the designs come out very detailed and vibrant. Our own in-house DTF studio gives us control over the entire process, from start to finished product.

DTF

UV DTF PRINTING

UVDTF transfer prints are the latest in decal printing technology. Similar to our high end direct to film garment printing an industrial inkjet printer is used to print the design. UV DTF printers first print the white layer on to an adhesive film, then print the colour layer, and finally a clear varnish on top of that. The machine uses integral ultra bright UV lamps to cure the prints into a super tough yet flexible finished print.

LOGOS FOR PERSONALISATION

EMBROIDERY

We have to digitise your logo to enable embroidery of any product and it is not necessary to supply a vectored or high resolution image of your logo for us to achieve this. The digitising process converts your logo into a DST file which the embroidery machines will read to create your embroidery. There is no charge for creating the initial embroidery files - this includes one DST file and an embroidered swatch.

IMPORTANT

Please ensure the correct logo together with any other relevant information such as additional text are provided to us from the outset as any amendments resulting in the creation of an additional DST file will result in a charge. When placing repeat orders, care should be taken to ensure the correct logo has been specified. In some cases, small text amendments can be made to existing DST files. In this case, a reduced fee will be applied.

LOGOS FOR PERSONALISATION

PRINTING

All printed items, with the exception of ball markers, require a 'vectored' logo unless text only is required. **These are usually .pdf, .eps or .svg files - jpeg, .png and .gif files are not generally acceptable for use.**

If you are unsure whether your logo is vectored or not, please contact the Level 4 team who will be happy to advise you.

If your logo is not vectored and you are unable to locate one, we can provide redrawing service. We will provide an estimate of the total charge dependent on the complexity of your logo.

HEADWEAR

Our Level 4 headwear range provides a comprehensive selection of caps and knitted hats to suit your needs when on the course.

There is a minimum order quantity of 12 across all baseball caps and knitted hats and a minimum of 6 units per colour, per style of cap. Incremental orders must be in multiples of 6.

ARTWORK

If you are unable to supply suitable artwork, we can offer design services to help create what you need however, if you choose to cancel your order, there will be a charge.

VECTOR FILE

Unlike JPEG/PNG images, which are made up of individual pixels and can lose quality when scaled up, vector files can be resized infinitely without losing clarity or sharpness. This makes them ideal for graphics that need to be scaled to different sizes, such as logos, icons, illustrations, and typography.

Vector formats: .AI, .EPS, .PDF, .SVG

JPEG / PNG

A JPEG or PNG has a pixel density which results in less detail and clarity compared to a vector, therefore, will appear pixelated or blurry when viewed at larger sizes or when printed. We will not be able to print from JPEGs/PNGs. As mentioned above, if your logo is not vectored and you are unable to locate one, we can provide a redrawing service free of charge, however if you do not proceed with the order a fee will be applied.
